CLASSIFICATION TITLE: Supervisor I, Building Services

Department: Building Services
Staff Category: Confidential and Supervisory Team (CAST)
FLSA Status: Non-Exempt
Salary Range: 48
Original Date: August 2014
Last Revision: August 2014

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

JOB SUMMARY.

Responsible for supervising and scheduling comprehensive maintenance, repair, alteration, and construction activities and operations for District buildings, equipment, and facilities; inspecting facilities and consulting with maintenance personnel, District administrators, and contractors to coordinate and prioritize work projects; assisting in the formulation of preventive and deferred maintenance plans and projects; and assigning, reviewing, and evaluating the work of assigned maintenance personnel involved in skilled building maintenance assignments and projects.

DISTINGUISHING CHARACTERISTICS.

The Supervisor I, Building Services is distinguished from the Supervisor II, Building Services in that it assists in the oversight and supervision of Building Services operations, whereas the Supervisor II, Building Services is responsible for full oversight and planning of all Building Services functions.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS.

Essential responsibilities and duties may include, but are not limited to, the following:

1. Performs full supervisory activities, subject to management concurrence and in accordance with applicable College policies, which includes: selecting and training new employees; planning, assigning, scheduling, and evaluating completed work; approving overtime/compensatory time; preparing and signing employee performance evaluations; recommending salary reclassifications; responding to grievances and taking appropriate disciplinary action; and performing related supervisory activities.

2. Supervises, prioritizes, schedules, assigns, and assists in the comprehensive maintenance, repair, remodel construction, and demolition of all District buildings and structures.

3. Supervises and participates in a variety of building components and skilled trades functions, including carpentry, electrical, plumbing, heating and air conditioning, ventilation and exhaust, compressed air, painting, drywall, carpeting and floor tile, roofing, awnings, window and door glass, rain gutters, locksmithing and door hardware, fire hydrants, T-bar ceilings, window coverings, sign installation, furniture dismantling and assembly, fire/security/and other alarm systems, and welding.

4. Supervises District fleet vehicle maintenance and repair operations, including the preparation and maintenance of applicable logs and records; ensures that work is performed in compliance with applicable federal, state, local, and District codes, laws, regulations, and standards.
5. Consults and coordinates with District personnel and outside contractors to prioritize and schedule work projects; obtains quotes, estimates, and timelines for scheduled work; assigns work requests and repair tickets to appropriate department personnel.

6. Prepares and maintains records and reports related to building supplies, inventory, budget, work requests, personnel, injuries, equipment, and facilities; assists in developing and controlling annual department budget according to established policies and procedures.

7. Prepares and maintains a variety of reports and records such as weekly activity logs, supplies inventory, work requests, personnel, safety and damage issues, and repair needs.

8. Develops, implements, and maintains an effective and systematic preventive maintenance program; schedules and assigns necessary repairs; maintains related logs and records.

9. Assembles, installs, repairs, and replaces lock cylinders and door hardware for all campus buildings; cuts, stamps, and tests keys for employees; creates, develops, maintains, and integrates master key system.

10. Assure compliance with the District’s Injury and Illness Prevention Program by providing motivation, incentives and discipline to assigned staff; maintains a safe work environment through enforcing safe work practices, reporting and investigating accidents, maintaining necessary documentation, and requiring employees to receive mandated training.

Marginal Functions:
1. Participates in/on a variety of committees, task forces, boards, meetings, and/or other related groups in order to receive and/or convey information.
2. Participates in shared governance through service on planning and/or operations committees and task forces.
3. Performs related duties and responsibilities as required.
