The Food Bank at Palomar College is managed by the Office of Student Affairs (OSA) with the assistance of student workers. The OSA is in charge of all Food Bank operations including stocking, distribution, and recording.

Eligible students recognized by Palomar College Counselors or Health Services personnel must bring the signed Food Bank Referral Form to the OSA. The OSA will process the paperwork in a timely matter, allowing the eligible student access to the Food Bank.

Eligible students may also stop by SU 201, Office of Student Affairs, to complete a Food Bank Referral Form. At that point, eligibility will be verified and the OSA will process the paperwork in a timely matter, allowing the eligible students access to the Food Bank.

Food will be distributed according to the number of immediate family members. Eligible students, with the signed Food Bank Referral Form, may have access to the Food Bank once a month or until the Food Bank is depleted.

Processing methods may change regarding student eligibility and the availability of food donations.
