noon-3 p.m.
Palomar College
OR
Sat., Mar. 10, 1990
12:30 to 3:30 p.m.
Escondido Center

- Would you like to be in a career that gives you satisfaction?
- Would you like to discover the type of career for which you are best suited?
- Would you like to have a career you are excited about rather than just a job?
- Would you like to improve the quality of your life?

In this class we will use the Career Guidance Survey and a career personality profile to allow you to explore and examine your interest, values and abilities as they relate to a career for you. As a result, each participant will be able to make a clear and meaningful career choice. A $5 materials fee will be collected in class. FEE: $19

For Women: Creative Alternatives To 9 to 5

George Weston
Sat., Apr. 21, 1990
9 a.m. to 1 p.m.
Palomar College

Increasingly, women today are working in the marketplace. More than half of all married women work outside the home and approximately 80 percent of single women are working. Many women find their work challenging and an opportunity to more fully utilize their talents as they pursue their goals. Many other women, however, would rather not work outside the home but do not feel they have a choice. “I have to work,” is a frequent response when you ask, “Why are you working?” In this workshop, participants will explore the alternatives available to those women who do not want to work outside the home but will develop strategies for pursuing these alternatives.

Workshop participants will:
- consider reasons women work outside the home
- discuss barriers which sometimes block them in pursuing the alternatives identified and ways of overcoming those barriers
- develop strategies for successfully pursuing the alternatives they identify
- create an action plan showing steps to take in pursuing alternatives
- identify potential allies, mentors, support systems and networks which can utilize as you pursue your goals.

FEE: $21
