ROp sign-up begins

Registration for the spring semester, North County Regional Occupational Program, is underway at Palomar. ROP courses are open to any resident of San Diego County who is eligible to attend high school or adult school in the country. The courses are free, and are offered in various locations throughout the North County. The spring semester begins January 28 and ends June 7, 1974. Courses being taught in spring are:

- Appliance repair; applied marketing; auto body and fender; auto brakes; auto carburetion and fuel systems; introduction to automotives; auto service specialist; auto transmission and drive lines; auto tune-up and emission control; tune-up and engine analysis.
- Building trades; child care occupations; closed circuit TV; electronic computer programming; food education and service technology; graphic communications and production; keypunch operator; lawn-turf culture and management; lens grinding and polishing; nurse aide-orderly; office occupations laboratory; office and transcribing occupations; advanced; radio and TV repair; recording studio technician; and small business merchandising.

Interested high school students should contact their high school counselors; all other persons should call either John Dise, Palomar College Vocational Counselor (744-1150, ext. 251); or Earl Leach, ROP Placement Office, Palomar College (744-1150, ext. 214).

Women supporting women is key to Soroptimist program

The Soroptimist Foundations' Training Awards Program (TAP), now in its second year, helps women upgrade their job level or re-enter the work market. Competitive awards for part-time or full-time study for the training or retraining of women are awaiting applicants in the Escondido-San Marcos-Valley Center area. Last year, $29,250 in awards were granted to 29 women, enabling them to train in their chosen fields. The winners, ranging in age from 19 to over 50,* and their vocational plans were just as widely varied.

The Soroptimist Club of Escondido, working with the counseling staff at Palomar College, will accept applications until December 15. A limited number of applications are available to women from the Escondido, San Marcos and Valley Center areas, as well as a portion of Rancho Bernardo.

The Club will notify the selected applicant of its decision by March 15, and regional winners will be announced by April 15.

Applications are available from Palomar College counselors John Dise or Martha Lehr. For information, phone 744-1150, ext. 251 or 252.

NCR holds interviews

John Hoaxie from the National Cash Register Company will be on campus Thursday from 9 to 4, in the Counseling Department. He will be interviewing students interested in a career with NCR working as Electronic Technicians.

A sign-up list is available in the Counseling Center, A-66. Students are advised to be scheduled to see Hoaxie. For further information, please see John Dise.
