Career workshop slated

Do you have a college major? Have you chosen a career? If not, activities planned by the Career Center may help.

The Career Center, under the direction of the Counseling Department, is offering a two-hour workshop designed to help you determine which major would best allow you to attain your career. The workshop provides an opportunity, in an informal setting, to assess your interests, values and aptitudes as they relate to careers. To reserve a seat, sign up in the Counseling Department.

The center will also be hosting various guest speakers on campus. On Oct. 5, Jane Wiens, an executive at San Diego Gas and Electric, will be speaking on careers with SDG&E as an engineer, clerk, executive and other positions.

Officer Jerry Boier from the California Highway Patrol will be speaking on careers in law enforcement on Oct. 20. Applications for the CHP will be given at this time and at the Career Center afterwards.

On Oct. 27, Lowes Gaioni will offer some advice and share her experiences as a successful financial planner.

All of these events will be held at 11 a.m. in S-3.

For additional information, contact the Career Center at Ext. 2189 or 2194.
