**Associate in Arts for Transfer -**

AA-T, IGETC, and CSUGE requirements are listed in Section 6 (green pages).

- Sociology

**Sociology**

Sociology is the study of social behavior and human groups and focuses on so- cial relationships, how those relationships influence people's behavior and beliefs, and how societies develop and change. Students will learn the main theoretical approaches in sociology that explain society on both a micro level through the study of social interaction, and on a macro scale through the study of large social institutions. The curriculum for the Associate in Arts in Sociology for Transfer is intended to develop critical thinking skills, to explore the diversity of our social world, and to adequately prepare students for transfer to an upper division pro- gram in Sociology. This degree allows students the opportunity to meet the lower division transfer requirements for a major in Sociology.
