VISION STATEMENT

Our vision is to create a college campus where all needs that are necessary to secure a higher education are met, all barriers to attaining a higher education are eliminated, and every student is able to achieve their educational aspirations.

MISSION STATEMENT

The mission of the Associated Student Government of Palomar College is to provide quality service to students and the community that enhances the safety, educational diversity, environment and health of the campus, where students, our employees, and the community can thrive in an atmosphere of courtesy, integrity, and respect.

OUR VALUES

To guide us in our mission to equal and equitable access to higher education on our college campus, we establish the following values:

- Granting fair treatment and respect to everyone in our community is paramount.
- Student voices are powerful, and absolutely critical when attempting to craft a better campus community.
- The wellbeing of students should be at the forefront of every decision that is made at our college.
- Maintaining professionalism, integrity, and mutual respect with our peers is the key to fostering meaningful progress.
- Including voices from a diverse pool of representatives is a necessary step to ensuring that the needs of all students are being met.
