

Palomar College College-Level Examination Program (CLEP) Guide

Students must have the College Board send an official CLEP transcript to the Palomar College Records Office.

Course credit, major placement, and units granted at Palomar College may differ from course credit, major prep placement, and units granted by a transfer institution.

CLEP credit may be used to meet Associate Degree GE and/or major course work and CSU GE requirements.

When included within the Associate Degree for Transfer (AA-T/AS-T), College-Level Examination Program (CLEP) credit shall apply toward the lower-division minimum unit requirement for the CSU degree, and if applicable, the minimum unit designation for the CSU major or CSU GE-Breadth requirements.

1. French Level II, German Level II, or Spanish Level II prior to F15 earn 12 units toward CSU admission

CSU major preparation: Each CSU campus will determine how it will apply examinations toward credit in the major.

IGETC: CLEP credits do not apply toward IGETC requirements.

If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered "Level I" and earns six units of baccalaureate credit; the higher score listed for each test is considered "Level II" and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.
