3. You will receive a Welcome screen with your name and a link to your student email
4. Click on the 'Student Center' tab at the top of the screen

Notice: If you receive a menu on the left side of the screen instead, click on 'Self Service' and then 'Student Center' and you will reach the Welcome screen.

5. From your Student Center page you can add/drop classes, view your unofficial transcript, etc.

Apply for Admission: If you have never had a student record at Palomar in the past, you must submit a paper copy of the Application for Admission form ([linked here](#)). Complete and bring it to the Admissions office for processing. You will not be able to apply online because your SSN is already in the database. Once your application is processed, you must change your Faculty eServices password to sync your Faculty and Student accounts.
