Federal and State regulations prohibit colleges from offering distance education to students residing in another state without prior approval from that state. Palomar College does not currently have formal approval from other states to offer distance education to students residing in their respective state. As a result, students who are enrolled entirely in online courses at Palomar College **must reside in California** during that semester to be eligible for federal aid for the term.

Students who are enrolled entirely on-line coursework and who are residing in another state will not be eligible for Financial Aid Disbursements from Palomar College.

By signing and submitting this form you are certifying that you reside, for the current semester, within California. **Faxed or Mailed forms will NOT be accepted, must submit in person!**
