

ARTICLE 26 – PROFESSIONAL GROWTH

26.1 Professional Growth

26.1.1 Purpose

The purpose of this Article is to outline provisions for providing each employee an opportunity to improve job skills or choose an alternate career path through the Professional Growth Program.

26.1.2 Eligibility

Only permanent employees are eligible to begin Professional Growth plans. Probationary employees may be eligible for release time if requested by their departments and in compliance with the terms of this Agreement; however, no Professional Growth points will be earned.

26.1.3 Enrollment

- Notices are sent to all eligible employees in time to enroll in the Professional Growth Program for the fall, spring, and summer sessions.
- Employees must attend at least one Professional Growth Training Workshop before submitting program for approval.
- Professional growth plans must be job-related or part of a specific career plan. The benefits of the plan to the District and to the employee must be identified by the employee before the plan can be approved.
- Transcripts must be submitted along with the Declaration of Intent.
- Programs must be submitted in writing by completing all required forms.
- The deadline for submission to Human Resources is stated in the general notice, usually about one week prior to registration for the fall, spring, or summer sessions. It is recommended to list alternate courses in the event some aren't available. ALL classes require prior approval.
- The Professional Growth Committee will notify the employee in writing of the Committee's decision regarding the program submitted.
- Programs must be completed within three (3) years from date of initial approval. When employees complete a program before the three-year period has ended and they are ready to start program #2, they must submit a new plan to the Committee for approval.

26.1.4 Guidelines

- Full-time employees may be allowed to take up to four (4) hours of class per week during work time (release time) if the class is directly related to

the employee's current job as determined by the Assistant Superintendent/Vice President, Human Resource Services. Permanent employees on less than 100% contract will be eligible for a corresponding percentage of release time. Probationary employees and permanent employees not enrolled in a Professional Growth Plan may still be eligible for release time at the request of their departments. The Assistant Superintendent/Vice President, Human Resource Services, must approval all such requests.

- Credit may be earned for seminars and workshops attended during release time which will improve the level of job performance or skill, provided the employee pays any expenses incurred. Advance written approval is required. No credit is earned for workshops, conferences, or classes paid by the District.
- Credit may be earned for courses, seminars, and workshops that are job-related, part of a career plan, or that would benefit the District. Workshops sponsored by or offered by the CCE/AFT or their state or national affiliate are included.
- No credit is earned for personal enrichment courses, workshops, and/or seminars.
- No professional growth credit is given for:
 - an audited class;
 - course work requested by a supervisor and taken during the employee's work time;
 - courses taken while on a paid educational leave;
 - courses taken at levels below or equal to previous successfully completed course work unless justification is approved by the committee;
 - courses paid for by the District.
- Professional Growth credit may be granted for credit by examination only if that course is a requirement for the degree/certificate program being pursued.
- A course may be repeated for Professional Growth credit if the college catalog allows repetition of that course for credit.
- Regional Occupational Program (ROP) courses may be taken as part of a Professional Growth Plan, provided that they are job-related and/or part of a stated career path. Points will be awarded according to whether the courses are taken for college credit or as non-credit courses. Payment is

not required for non-credit ROP courses to earn Professional Growth points.

- A grade of “C” or better must be earned. If letter grades are not given for a course, a letter of satisfactory completion, duly signed by the instructor, is required.
- Attendance at conventions, participation in setting up regional workshops, or serving on a state committee will be subject to approval providing it is job or career-change related. Advance written approval is required. (A copy of the convention program, registration verification, and a report on the convention must be submitted to the Professional Growth Committee following attendance at such conventions or meetings.)
- Active service/membership in professional organizations, state or national committees, and other professional associations including CCE/AFT state and national associations will be reviewed for approval by the Professional Growth Committee. Such participation must be related to the employee’s current position, to a career plan, and/or benefit the District. Released time to attend approved professional organization conventions may be counted for Professional Growth credit.
- Employees seeking professional growth credit for participation in professional organizations, committees, and/or associations must provide verification of their participation. Points for active participation are limited to no more than one point per year.
- Active service/membership on recognized campus governance committees and certain task forces will be reviewed for approval by the Professional Growth Committee. Points for active participation on committees are limited to .50 per year per committee.
- Employees who elect the one-time \$2000 lump sum stipend must wait three years before beginning another Professional Growth Plan. There is no waiting period between programs when employees elect the \$500 annual stipend.
