

Affirmative Home Care Inc.

4/2/2019

We are currently looking to hire students that are attending Palomar and are in a nursing program. We will start your pay at 14.00 to help with some of our children that have a developmental disability. These are 4 + hour shifts. Great knowledge and very rewarding. We have a lot of children near the coast that we provide care too. We also have children in the Poway area.

If interested please call
