

We have another employment opportunity for your nursing students – Patient Care Assistant.

This is also a limited tenure position and is open any student who has completed nursing fundamentals. **Because of the of the need to assimilate quickly into the role, we are looking for students who have completed a rotation at Scripps.**

The requisition is posted on www.scripps.org - 1041864.

The Patient Care Assistant provides excellent service to patients as a key member of the clinical care team. Assists patients with personal needs and activities of daily living, collects data, and ensures the patient has a safe, organized environment. Assists with patient care within the scope permitted and under the direction of a clinician. Supports the unit with a variety of patient logistic, clerical, equipment/supply, and charge reconciliation duties.

This is a Casual (per diem, non-benefited), Varied Shift limited tenure position for an 8 week assignment. Flexibility is required on shift and location.
