

PALOMARPOWERED Disability Resource Center

WHAT IS THE ROLE OF THE DRC?

Disability Resource Center (DRC) at Palomar College is committed to removing barriers to access for students with documented disabilities. The DRC works with faculty and staff collaboratively to ensure that students with disabilities can participate fully in the College's programs and activities to reach their educational and vocational goals.

WHAT ARE THE STEPS TO ENROLL IN THE DRC?

1. Complete a one page DRC application.
2. Obtain disability verification from the appropriate licensed professional.
3. Hand deliver, fax, or e-mail completed documents.
4. Once all documents have been delivered, call or stop in to make an intake appointment with a DRC counselor.

WHAT SERVICES ARE OFFERED TO STUDENTS?

- Academic and personal counseling
- Test accommodations in a fully equipped Testing Center
- Note-taking assistance
- Learning Disability Assessment
- Deaf and Hard of Hearing Services
 - Sign Language Interpreting, Real-Time Captioning, and an Assistive Listening Device loan program
- Access Technology Center
 - Training in the use of assistive technology including Echo SmartPen notetaking technology, text to speech software, screen magnification, braille displays, and more.
- Alternate Media
 - Conversion of textbooks and class materials to audio, Braille, and large print.
- Specialized Courses and Instruction (noncredit and credit)

This flyer is available in alternate formats (e.g. Braille, enlarged print, etc.) upon request by contacting drc@palomar.edu.
