

# Title I and Title III Program Evaluation

Join other district leaders in learning how to plan and implement the annual program evaluation of a Title I or Title III program. The Title I and Title III Program Evaluation workshop makes it more than a mandated process by connecting improvement science to systemic change for student success.

## In the two-day workshop, leaders will:

- Develop a logic model for a Title I or Title III program
- Determine an evaluation focus with a corresponding set of implementation and outcome measures
- Unpack different methods and tools for data collection and analysis
- Learn the importance of and ways to effectively engage key stakeholders in the evaluation
- Understand the impact of sharing and using evaluation results to make decisions and program improvements

## Register Now!
