Report on the Financial Statements

We have audited the accompanying financial statements of the Palomar Community College District's (the District) Measure M General Obligation Bond Fund (Bond Fund) as of and for the year ended June 30, 2019, and the related notes to the financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's Bond Fund preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's Bond Fund internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Bond Fund at June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Bond Fund specific to Measure M are intended to present the financial position and the changes in financial position attributable to the transactions of that Fund. They do not purport to, and do not, present fairly the financial position of the District as of June 30, 2019, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2019, on our consideration of the District's Bond Fund internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Bond Fund internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Bond Fund internal control over financial reporting and compliance.

PALOMAR COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BOND FUND

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Palomar Community College District's (the District) Measure M General Obligation Bond Fund conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The District's Measure M General Obligation Bond Fund accounts for the financial transactions in accordance with the policies and procedures of the California Community Colleges Budget and Accounting Manual.

Financial Reporting Entity

The audited financial statements include only the Measure M General Obligation Bond Fund of the District. This Fund was established to account for the receipt of proceeds of general obligation bond issuances and the expenditures of the proceeds under the General Obligation Bond Election of 2006. These financial statements are not intended to present fairly the financial position and the changes in financial position of the District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Measure M General Obligation Bond Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to, and accounted for, in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Measure M General Obligation Bond Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. These fund financial statements do not include the adoption of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as the District was not required to adopt GASB Statement No. 54 under the reporting requirements of GASB Statement No. 35.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's Board of Trustees adopts an operating budget in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's Board of Trustees satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30.

Prepaid Expenditures

Prepaid expenditures (expenses) represent amounts paid in advance of receiving goods or services. The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Fund Balance - Governmental Funds

As of June 30, 2019, the fund balance of the Measure M General Obligation Bond Fund was classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

NOTE 2 - INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

Investment in County Treasury

In accordance with the *Budget and Accounting Manual*, the District maintains substantially all of its cash in the County Treasury as part of the common investment pool. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None

Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the San Diego County Investment Pool. The District maintains an investment of \$178,882,892 with the San Diego County Investment Pool with an average maturity of 528 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the San Diego County Investment Pool is rated AA Af/S1 by Fitch Ratings agency.

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the San Diego County Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

The District's fair value measurements are as follows at June 30, 2019:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Uncategorized</u>
San Diego County Investment Pool	<u>\$ 179,312,423</u>	<u>\$ 179,312,423</u>

All assets have been valued using a market approach, with quoted market prices.

NOTE 4 - ACCOUNTS RECEIVABLE

Receivables at June 30, 2019, consist of the following:

Interest	<u>\$ 2,012,084</u>
----------	---------------------

NOTE 5 - INTER-FUND RECEIVABLES/BORROWINGS

The Unrestricted General Fund owes the Measure M General Obligation Bond Fund \$281 for reimbursement of salaries. The Measure M General Obligation Bond Fund owes \$38,291 to various funds for bond related expenditures.

NOTE 6 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2019, consist of the following:

Capital projects	<u>\$ 2,105,074</u>
------------------	---------------------

NOTE 7 - FUND BALANCE

Fund balance is composed of the following:

Nonspendable	
Prepaid expenses	\$ 303,125
Restricted	
Capital projects	<u>178,751,892</u>
Total Fund Balance	<u>\$ 179,055,017</u>

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 8 - COMMITMENTS AND CONTINGENCIES

As of June 30, 2019, the Measure M General Obligation Bond Fund had the following significant construction commitments with respect to unfinished capital projects:

<u>CAPITAL PROJECT</u>	<u>Remaining Construction Commitment</u>	<u>Expected Date of Completion</u>
Parking Improvements	\$ 2,777,294	January 2020
Fallbrook Education Center	1,827,061	June 2022
Arboretum	879,745	October 2019
Kinesiology/Athletics	417,128	June 2023
Borrego Springs Project	14,180	June 2021
	<u>\$ 5,915,408</u>	

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Measure M General Obligation Bond Fund at June 30, 2019.

INDEPENDENT AUDITOR'S REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees and Citizens' Oversight Committee
Palomar Community College District
San Marcos, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Palomar Community College District's (the District) Measure M General Obligation Bond Fund (Bond Fund), as of and for the year ended June 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated December 2019.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Bond Fund specific to Measure M are intended to present the financial position and the changes in financial position attributable to the transactions of that Fund. They do not purport to, and do not, present fairly the financial position of the District as of June 30, 2019, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's Measure M General Obligation Bond Fund (Bond Fund) internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Measure M General Obligation Bond Fund (Bond Fund) internal control. Accordingly, we do not express an opinion on the effectiveness of the District's Measure M General Obligation Bond Fund (Bond Fund) internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's Measure M General Obligation Bond Fund (Bond Fund) financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's Measure M General Obligation Bond Fund (Bond Fund) financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our testing disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Measure M General Obligation Bond Fund (Bond Fund) internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Measure M General Obligation Bond Fund (Bond Fund) internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Board of Trustees and Citizens' Oversight Committee
Palomar Community College District
San Marcos, California

We were engaged to conduct a performance audit of Palomar Community College District's (the District) Measure M General Obligation Bond Fund (Bond Fund) for the year ended June 30, 2019.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

The results of our tests indicated that the District's Proposition 39 Measure M General Obligation Bond Fund is in compliance with Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution.

San Diego, California
December 13, 2019

PALOMAR COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BOND FUND

JUNE 30, 2019

AUTHORITY FOR ISSUANCE

The Measure M General Obligation Bonds (the Bonds) were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law. The Bonds were authorized to be issued by a resolution adopted by the Board of Supervisors of North San Diego County (the County Resolution), pursuant to a request of the Palomar Community College District (the District) made by a resolution adopted by the Board of Education of the District (the District Resolution).

The District received authorization from an election held in November 2006 to issue bonds of the District in an aggregate principal amount not to exceed \$694,000,000 to finance specific acquisition, construction, and modernization projects approved by eligible voters within the District. The Measure required approval by at least 55 percent of the votes cast by eligible voters within the District. The Measure M Bond Funds represent the authorized bond issuance of the Series 2006A, Series 2006B, Series 2006C, Series 2006D, and 2015 Refunding bonds.

PURPOSE OF ISSUANCE

Pursuant to the 2006 Authorization, the proceeds of the Bonds will be used to finance the repair, renovation, and construction of facilities noted on a specific Project List for facilities of the District. The bond project list includes:

- Upgrade nursing and emergency medical career training labs
- Modernize outdated science, computer and job training labs/equipment
- Upgrade electrical and technology infrastructure
- Repair/replace deteriorated roofs, plumbing, lighting, heating, and ventilation systems
- Improve energy efficiency
- Modernize/replace outdated classrooms and student support facilities
- Complete safety upgrades to college buildings and grounds

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* Sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

PALOMAR COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BOND FUND

JUNE 30, 2019

2. The community college district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction, and information technology needs in developing the project list.
3. Requires the community college district to appoint a Citizens' Oversight Committee.
4. Requires the community college district to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the community college district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

OBJECTIVES OF THE AUDIT

- Determine whether expenditures charged to the Bonds have been made in accordance with the Bond project list approved by the voters through the approval of the Measure M.
- Determine whether proceeds received from the issuance of the Bonds has been deposited into the specific fund used to account for Measure M approved projects or for the refunding of previously issued bonds.
- Determine whether salary transactions charged to the Bonds were in support of Measure M and not for District general administration or operations.
- Determine if the Citizens' Oversight Committee was appropriately appointed and met during the year.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2018 to June 30, 2019. The population of expenditures tested included all object and project codes associated with the Bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2019, were not reviewed or included within the scope of our audit or in this report.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2019, for the Measure M General Obligation Bond Fund. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Measure M as to the approved Bond projects list. We performed the following procedures:

1. We verified that a separate Bond Fund of the District has been established to account for the receipt of Bond proceeds and expenditure of the funds for the period July 1, 2018 through June 30, 2019.

**PALOMAR COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND FUND**

JUNE 30, 2019

2. We verified interest revenue in the amount of \$4,137,218 was appropriately deposited into the Bond fund for use for the approved Measure M projects.
3. We reviewed the Citizens' Bond Oversight Committee members and noted that they have all of the established members required by the Proposition.
4. We verified the Citizens' Bond Oversight committee met regularly during the year with agendas and/or minutes of the meetings maintained.
5. We selected a sample of expenditures for the period starting July 1, 2018 and ending June 30, 2019, and reviewed supporting documentation to ensure that such funds were properly expended on the specific projects listed in the ballot text.
6. Our sample included transactions totaling \$13,635,960. This represents 59 percent of the total expenditures of \$23,142,625.
7. We verified that salaries of administrators were charged to the Bonds only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.
8. We verified that the District used formal bid procedures for those contracts over the construction bid level requirements in accordance with the Education Code requirements and District policies.

CONCLUSION

The results of our tests indicated that, in all significant respects, the District has properly accounted for the expenditures held in the Measure M General Obligation Bond Fund and that such expenditures were made for authorized Bond projects. District procedures for disbursement of funds were applied in accordance with laws and regulations, as well as policies approved by the Board of Trustees.
