Rising STEM Scholar Program

One of the STEM Center's highlighted program has always been the STEM Scholar Program. Last semester, the program was put on hold as it underwent some changes. Now, with a new name, the Rising STEM Scholar Program will be open for registration this month with responses and information going out starting in April. We are asking that all current STEM Scholars apply for the Rising STEM Scholar Program if they wish to continue to be part of this great opportunity. Please continue to check the STEM website for status and updates at <https://www2.palomar.edu/pages/stem/programs/stem-scholar-program/>

STEM Speaker Series

Date: Tuesday, March 20
Time: 4:00pm - 5:00pm
Location: NS-138

We are excited to announce the return of the STEM Speaker Series. This month's speakers will feature two Palomar College and CSU San Marcos alumni, Yuriel Rodea and Steven Bagdy. Both are recent graduates working full-time in the engineering industry. They will talk about the journey to their degrees and their jobs at two of San Diego's best known engineering companies.

Message from the Counselor

Are you feeling stressed? Have your sleeping or eating habits changed? Do you feel more irritable? Are you drinking or smoking more because of stress? Check out these stress reduction techniques by counselor Tom Ventimiglia.
